

PROFLEX® 100 ECONOMY SPANDEX BACK SUPPORT BRACE

- **STRETCHABLE SPANDEX** – Economical 280D spandex body
- **NON-CONDUCTIVE** – Polypropylene stays for long-lasting integrity
- **SUSPENDERS** – Adjustable, detachable suspenders keep belt in place
- **SECURE FIT** – Rubber track webbing prevents riding up
- **SIZING** – Waist size ranges from 25in - 58in / 64cm - 147cm
- **CARE** – Machine wash cold; air dry

The ProFlex® 100 Economy Spandex Back Support is designed to remind workers of proper lifting techniques while also enhancing the body's intra-abdominal pressure, moving the stress away from the spine for back pain relief. Features rubber track webbing to help keep support in position.

SIZING

To choose your size, use flexible measuring tape and find the circumference around your body at your belly button. The support should fit snugly around your hips with the front of the support two-fingers width below your navel. An easy-to-use hook & loop closure keeps the belt securely fastened while in use and can be worn over or underneath clothing. Adjust the suspenders straps to fit securely on your shoulders without causing tension. Turn it into a back support belt by simply detaching the shoulder straps from the belt.

HOW IT WORKS

ProFlex® Back Supports provide lower back support and abdominal support for lifting heavy objects. Tightening the back support belt enhances the body's intra-abdominal pressure and moves the stress away from

ITEM #	SIZE	COLOUR

the spine. When the back support is on correctly, the worker will have additional support for lifting and is more likely to use proper posture. When not lifting, be sure to loosen the belt.

Great for airport luggage handlers,
warehouse/distribution employees, material handling,
construction crews, maintenance, assembly/fabrication,
landscaping/grounds and jobs that require heavy lifting.

We cannot guarantee that wearing a back brace will prevent workplace injury or be a cure for lower back pain, but when used properly these supports will provide extra lumbar support, promote proper lifting techniques and help you through a work day of bending, twisting, and schlepping. Rest assured, we got your back.
