JACKPOD TRI 1

GENERAL

Art. no.:	JP-011-1	E-class number:	40-02-01-09
EAN:	4030281203520	Customs no.:	76109090
Standard:	CEN/TS 16415:2013 EN 795-B:2012		

Data sheet

JACKPOD TRI 1

Flexible fall prevention for working in confined spaces is now easier than ever with the tripod systems. The portable and stepwise adjustable systems require only a small working base area and are easy to transport and store thanks to their low weight and volume. High-quality finished aluminium and galvanised steel offer high ageing resistance. In two versions, the JACKPOD TRI covers the areas of the vertical entry with a variable height adjustment from 1.2 to incredible 3.1 meters. Even very wide entries can be covered. When using a winch, for example the JACKPOD WINCH 1, the retention function of a person is already in place and a descent into deeper work environments is no longer a risk.

- Available in two versions
- Variable height adjustment from 1.2 to 3.1 m
- Easy transport due to low weight and volume

FEATURES

Colour:	Liminous red
Max. service life:	10 Years
Max. number of persons:	1

DIMENSIONS

Size:	max 2260mm
Setup height:	2,26 m
Weight:	16,66 kg

MATERIAL

Material:	Aluminium, Steel
